Our Core Services

Cyber Security Training, Security Assessment, Crime Prevention, Research & Analysis, DFIR, OSINT, and VAPT. We provide comprehensive solutions across India through interactive workshops, professional certifications, and hands-on engagements.

Add in center

━--

Interactive Workshops

Hands-on workshops that teach practical defensive skills, incident response basics, and community-ready cyber hygiene practices.

Get Started

Corporate Training

Role-based training programs focused on secure engineering, compliance readiness, and executive tabletop exercises for leadership.

Book Session

ISSO / ISO Training

Professional Information Systems Security Officer (ISSO) certification program with an industry-recognized curriculum, practical labs, and assessment. Suitable for security leads and practitioners preparing for formal ISSO/ISO roles.

Explore Program

Advanced Sessions

Book advanced sessions covering latest threats, secure architecture patterns, and hands-on security implementations delivered by our experts.

Request Session

HackHalt by Numbers

Measurable impact across India's cybersecurity landscape

🛡️	👥	🤝	
25K+	**150+**	**40+**	**Pan-India**
Threats Analyzed	Communities Trained	Strategic Partners	National Reach
Research-backed threat intelligence and security briefings	Professionals upskilled in cyber awareness & defense	Collaborations across academia, industry & government	Remote-first model enabling engagement across regions

Remove - This

━━----------------------------------

Our Four Pillars of Excellence

A comprehensive framework anchored in prevention, education, detection, and rapid response

Prevention

Proactive frameworks and best practices that minimize cyber risk before incidents occur.

- ✓ Security awareness campaigns
- ✓ Policy & process consulting
- ✓ Cyber hygiene playbooks
- ✓ Risk assessment frameworks

Education

Structured programs that upskill students, professionals, and decision-makers.

- ✓ Capacity-building workshops
- ✓ Curriculum design for academia
- ✓ Corporate training modules
- ✓ Certification programs

Detection

Building capability to identify threats, anomalies, and vulnerabilities at scale.

- ✓ Threat hunting guidance
- ✓ Vulnerability assessments
- ✓ Security monitoring practices
- ✓ OSINT & threat intelligence

Center

—---------

Recognition & Achievements

Trusted by leading organizations and government institutions across India

Government Collaboration

Active partnership with law enforcement and government agencies for cyber crime prevention and incident response

Academic Excellence

Recognized by leading educational institutions for curriculum design and student mentorship programs

Industry Trust

Preferred training and consulting partner for Fortune 500 companies and emerging startups

Global Standards

Aligned with international cybersecurity frameworks including NIST, ISO 27001, and CIS Controls

1. **Government Involvement - Remove Partership and add guidance**
2. **Industry Trust - 50+ only**
3. **Global Standard - Remove "Including ………… Controls"**

—--------------------

Success Stories

Hear from participants, partners, and organizations benefiting from HackHalt initiatives

★★★★★

"HackHalt's training program completely transformed our security posture. The practical, hands-on approach made complex concepts accessible to our entire team."

Rajesh Kumar
CISO, TechCorp India

★★★★★

"As an academic institution, collaborating with HackHalt elevated our cybersecurity curriculum significantly. Our students are now industry-ready."

Dr. Priya Sharma
Department Head, Delhi Institute of Tech

★★★★★

"The community-driven approach and threat intelligence shared by HackHalt has been invaluable for our SME. They made cyber security accessible and affordable."

Ananya Singh
Founder, StartUp Security Solutions

Member Success Stories

Real stories from community members who've grown their careers and expertise

AK — **Arjun Kumar**, Security Analyst → CISO

"HackHalt's professional development program and mentorship accelerated my career growth. I went from a mid-level analyst to CISO in just 3 years through their structured training and networking opportunities."

★ 5.0 📅 Member since 2021

SM — **Sneha Mehta**, Founder, Security FirstAI

"The StartUp Security Hub provided invaluable guidance when we were building our cybersecurity product. Their resources helped us avoid critical mistakes and accelerate our go-to-market strategy."

★ 5.0 📅 Member since 2022

RV — **Ravi Verma**, Campus Ambassador, IIT Delhi

"As a campus ambassador, I've introduced cybersecurity to 200+ students. The support from HackHalt made it possible to run workshops, CTF competitions, and build a strong security club."
